

VDP.GUTSWEIN

2022 Auxerrois trocken

No. 250

According to its name, this white grape variety is thought to originate from the Auxerre region, immediately west of Chablis. Auxerrois is a white wine variety of limited distribution and importance in France (Alsace), Luxembourg and Germany (Upper Moselle, Palatinate, Kraichgau). The Auxerrois grows partly at the foot of the Fürstenweg and partly on a south-facing plateau of the Kalmit with partly very chalky soils.
