2022 Riesling trocken

No. 240

For us, the Riesling grape is Germany's great white grape variety. Due to its ability to express the characteristics of a vineyard site and its longevity, it rightly lays claim to being the finest white wine variety in the world. Our Riesling estate wines grow on the ridges south of the winery. The estate wines are often the pre-selection of high-quality classified sites. Cool winds ensure fresh, crisp wines as a result.

WINE Our "calling card". A Palatinate all-rounder. Precise, focused, classic Riesling with clear, juicy fruit and a hint of citrus and lime.
