2022 Weißer Burgunder trocken

No. 290

Pinot Blanc is a French grape variety that is very widespread. As a white mutation from the Burgundy family, its origin cannot be traced directly. The estate vineyards extend like a belt to the east around the valley slopes of the Kleine Kalmit. The grapes grow on loess loam soils with a moderate lime content.

WINE juicy fruit, reminiscent of green pear & ripe apple, elegant, refreshing, good drinking flow
