VDP.GROSSE LAGE

2021 Kalmit Spätburgunder GG trocken

No. 200-21

The Kleine Kalmit is a 270m high hill, formed during the subsidence of the Upper Rhine Graben in the Tertiary period. Porous land snail limestone as a base and changing topsoils, such as loess, marl or hanging loam, make this terrain so special. Ilbesheimer KALMIT has been listed as a single vineyard in the register of great old vineyard names since 2008. In 1971, a geologically homogeneous single vineyard was added to the vineyard register for the first time. A historic achievement for Ilbesheim that makes us very proud. VDP.Grosse Lage Ilbesheimer KALMIT - southern slope of the Kleine Kalmit, our showpiece. The subsoil is formed by the rocks of the Landschneckenkalkbank I and II, with a partly clayey, partly marly soil in between. The southern slope provides sun throughout the day. Optimal conditions for highly ripe wines with a strong character.

WINE Fine, highly elegant Pinot Noir with plenty of salty, mineral tension. Red-fruity, classic, cool and juicy. Subtle spiciness and noble tannin structure that gives the wine length and structure. Sour cherry and redcurrant flavours.

Selective hand-picking. Gentle mash treatment and spontaneous fermentation. Manual punching down. Matured over two winters in used barriques. Unfiltered bottling.

STORABILITY 10 years and more

 ${\tt FOOD}$ Boeuf bourguignon, grilled entrecote, roast beef RECOMMENDATION withherb crust, coq au vin

DRINKING 16 °C TEMPERATURE

VINIFICATION

ANALYSIS Alc 13,0 %vol, Acidity 5,7 g/l, Residual Sugar 0,5 g/l
